### **Equator Environmental, LLC Announces Lansing to Replace Bortniker as CEO**

New York, NY, September 15, 2008—Equator Environmental, LLC announced the appointment of Gerrity Lansing as President and CEO of the company. Previously, Lansing served as Equator's President. Lansing will assume the leadership role of Chief Executive, effective immediately. The appointment was announced today following former CEO Jeff Bortniker's decision to leave the company in order to pursue other opportunities.

Commenting on these changes, Lansing said: "Jeff has contributed significantly to the growth of our business, and was instrumental in developing Equator into a leading player in the environmental finance sector. As I assume leadership of the next phase of Equator's growth, we all wish Jeff success in his future endeavors and thank him for his contributions."

Mr Bortniker added "Helping build Equator is one of my proudest business accomplishments and I look forward to its continued growth as I begin the next phase of my career."

Equator Environmental, LLC specializes in the generation and management of high quality carbon credits and environmental assets derived from reforestation projects, forest conservation and sustainable land management. Equator uses state of the art financial structuring techniques to create diversified revenue streams that benefit the Governments, timberland owners and local communities who are our clients and partners. Equator advocates policies that support the development of ecosystem markets and create sustainable cash flows related to the protection and enhancement of the world's ecosystems.
